Army Life

Exploited

intro:
Never give up, never give up, never give up the army

```
C                 Es   B
Join the army at seventeen
till you sware that you're a killing machine
three more rifles if they die
you got to do everwhat army says

R:
As            Es      C
Army life is killing me, me, me
As            Es      C
Army life is killing me

Where the Belfast is the fucking fun
Walking about with atomic gun
several years and when you're dead
you'll just be anounced in your local paper

Five is up just AM at morning
I got to get from the bed to teach
fuck to the gathering full of hate
you got to do everywhat army says

Join the way how to kill
Join the army to be your man
For our words in name of years
is got to do everwhat army says
```
