# Everlasting

**Refused**

This one will not change - turn down that fad again
Complamency - overcome, overdone
Everlasting - I've won
No second chance - it's just begun

This one will not change - turn down that fad again
Complamency - overcome, overdone
Everlasting - I've won
No second chance - it's just begun

Struck down in convenience, tradition chosen way
Who describes, who decides our ideas of fun?

I will not become
What I despise
I found a reason
Your truths are lies

Directed
Attached
Reason will overcome
The bounds of conformity
We are still waiting

I will not become
What I despise
I found a reason
Your truths are lies

Struggle to overcome
Generations of secondhand liars
Struggle to overcome
The past mistakes

Struggle to overcome
Generations of secondhand liars
Struggle to overcome
The past mistakes

This one will not change - turn down that fad again
Complamency - overcome, overdone
Everlasting - I've won
No second chance - it's just begun
