Crazy

Sinner

They won't iet me go
Oh I'm doing things my way
I will eveiy time hope
I have no things to say
That was doing right
They shouted where to move
I looked through the watching mirrors
And l saw you
They went to see the Iook in your eyes
That Ieaving beauty and I wonder it guys
It's crazy, turnjng me to madness
Madness, making me crazy
In the dark of the night
I give out to the endless reasons
I'm not so mad fool to stay
And not so strong to go
I dropped mirrors from the bar
We're not watching another day
It's crazy, turning me to madness
And it's madness, making me crazy

Talking and Iaughing in all the means
I break in the chase from the eyes
You hardly ever see
I may be running or die so far
I'm real scared, I'm struck, my mind blows
It's crazy, turning me to madness
Madness, making me crazy
