一人でつぶやく 白い冬の朝
涙の訳も空で 雪になったかな?

ひとつひとつ失っていくような恋に震えてた

一つだけ空に高く光る 僕の名前呼ぶ声
遠ざかる星に愛を誓う そこにいて迎えに行く
今すぐに

誰かが言ってた 傷は癒される
今日こそ待ち合わせた場所で会えるかな?

胸の奥が押しつぶされそう わかってるつもりでも

ため息が白く空に溶ける 奇跡を見た二人で
追いかけた季節 戻れるなら 二度とそばを離れない
愛してる

痛みも悲しみも 全部抱きしめたい

一つだけ空に高く光る 僕の名前呼ぶ声
遠ざかる星に愛を誓う 二人で見た奇跡を
追いかけた季節 戻れるなら 二度とそばを離れない
愛してる

二度とそばを離れない 愛してる

Muttering to myself on a white winter morning
Did the reason for tears also become snow in the sky?

I shivered at the love that I seemed to be losing bit by bit

There's only one thing shining high in the sky a voice calls my name
I swear my love to the far-off star I'll go and meet you there
Right now

Somebody said that the wounds would heal
I wonder if I'll see you at our meeting place today

The inside of my heart seems like it will be crushed even though I understoo
d your intentions

My sigh melts into the white sky the miracle we saw together
The seasons chased after if they were to come back I would never leave your
side again
I love you

The pain and the sadness I want to hold it all

There's only one thing shining high in the sky a voice calls my name
I swear my love to the far-off star the miracle we saw together
The seasons chased after if they were to come back I would never leave your
side again
I love you

I will never leave your side again I love you
