Ooh boy there you are
이 아침 깜빡 잠이 들었나 봐
Feels like I'm flying 언제부터
날 보고 있었던 거야

목소리조차 잠겨버린
그럴수록 가까이 와
숨소리조차 들켜버린
혹시 아직 꿈인 거니

넌 아이처럼 hello
Hello hello hello
날 깨워주던 hello
Hello hello hello

Hello hello hello
When you're kissing me
Hello hello hello
When you wake me up
Hello hello hello
지금 이 순간
Hello hello hello
Hello

Ooh boy every day
다음 번엔 내 kiss로 깨워 줄래
Want you to say my name
Close to me 부르며 눈을 떠 줘

목소리조차 잠겨버린
그럴수록 가까이 와
숨소리조차 들켜버린
혹시 아직 꿈인 거니

넌 아이처럼 hello
Hello hello hello
날 깨워주던 hello
Hello hello hello

Hello hello hello
When you're kissing me
Hello hello hello
When you wake me up
Hello hello hello
지금 이 순간
Hello hello hello
Hello

내 곁에 있을 때 넌 hello
내게만 보이네
꿈 속에 귓가에 넌 hello
내게만 들리네

Ooh boy there you are
This morning I woke up at the blink of an eye
Feels like I'm flying
Since the first time I ever looked at you

The more your abandoned voice is less far
The closer we'll be
Even when I hear your breath
I wonder if you're still dreaming?

Like you're a child hello
Hello, hello, hello
You wake me up hello
Hello, hello, hello

Hello, hello, hello
When you're kissing me
Hello, hello, hello
When you wake me up
Hello, hello, hello
Right now, this moment
Hello, hello, hello
Hello

Ooh boy every day
Next time, will you wake me up with your kiss?
Want you to say my name
Close to me, open your eyes and call me

The more your abandoned voice is less far
The closer we'll be
Even when I hear your breath
I wonder if you're still dreaming?

Like you're a child hello
Hello, hello, hello
You wake me up hello
Hello, hello, hello

Hello, hello, hello
When you're kissing me
Hello, hello, hello
When you wake me up
Hello, hello, hello
Right now, this moment
Hello, hello, hello
Hello

When you're right by my side, hello
You only look at me
In a dream, to my ears, you say hello
You only listen to me
