A late night fever sex crazed land
While dance ho's to the one night stand
Swettin' the freaks with the tightest skirts
Talk about the ride, a sixties vert
Listenin' to oldies bumpin' to sounds
Forget that shit buy the underground
Underground station that ain't legit
Playin' them cus words dropping that shit
Party from the club, to the streets

All up in the club they envy everybody
You make the money so spend it
Belly bumpin' benzes lookin' like millions
I'm in the back of the club gettin' blessed g-fresh
Drinkin' n' smokin' the best and nothin' less
Champagne poppin', chicken heads flockin'
The DJ's rockin', got the whole house hoppin'
Lets make this night one to remember
If you fuckin' with me, you fuckin' with a real nigga
You can jump in the vert baby and ride out
How you suckin' me up, that's the high dive
Tell a bitch quick i ain't beggin' nor buyin'
Get the fuck up out my face, who the fuck you tryin'
I'm a good time nigga, that's what i'm all about
Get the money get the pussy, get the map, i'm out
