

Every Time You Go

3 Doors Down

I savor every minute that you're here
That you're here with me
Close my eyes and remember every breath
Every memory

Through all these sleepless nights alone
I still feel you
Across these miles away from home
That I'll never get used to

[Chorus:]

Every time you go, you take a part of me
A part of me with you
Every time you go
I feel it in my soul
Every, every
Every time you go, I'm half what I used to be,
When you were in my arms
Every time you go
You take a part of me, a part of me with you
Every time you go

I count the days until you're back again
Back here by my side
When we're apart it feels like, something in me
Something in me dies

I hear your voice over the phone
And God I miss you
Still all these miles away from home
That I'll never get used to

[Chorus:]

Every time you go, you take a part of me
A part of me with you
Every time you go
I feel it in my soul
Every, every
Every time you go, I'm half what I used to be,
When you were in my arms
Every time you go
You take a part of me, a part of me with you

[Bridge:]

Oh I'm there with you in your heart
No matter how far apart we are,
Go with me, everywhere you go

Every time you go, you take a part of me
A part of me with you
Every time you go
I feel it in my soul

[Chorus:]

Every time you go, you take a part of me
A part of me with you
Every time you go

I feel it in my soul
Every, every
Every time you go, I'm half what I used to be,
When you were in my arms
Every time you go
You take a part of me, a part of me with you

Every time you go

Every, every
Every time you go, I'm half what I used to be,
You were in my arms
Every time you go
You take a part of me, a part of me with you
