

Chasing time the days go by
I wonder where you went
Losing light to early nights cuz
Summer's gone again

If you're feeling locked up and you wanna get free
Tryin' to live and love your life in positivity
Don't be afraid when it comes fear is only skin deep
Just c'mon, c'mon yeah c'mon, c'mon
When they got you on the run but you wanna get free
Cuz you dwell under the spell of negativity
And when the world is crashing down crumbling at your feet
Just lean into it, yeah lean into it

In my head it's make believe
I don't feel like I did in my lucid dreams
Life is not quite the way it seems
I don't feel like I did in my lucid dreams
Oh no, oh no, oh no oh
I don't feel like I did in my lucid dreams

Switching lanes
It's getting late
The road is closed ahead

If you're feeling locked up and you wanna get free
And you dwell under the spell of negativity
And when the world is crashing down crumbling at your feet

Just lean into it, yeah lean into it

In my head it's make believe
I don't feel like I did in my lucid dreams
Life is not quite the way it seems
I don't feel like I did in my lucid dreams

Sometimes sunshine is made of knives
A broken promise in disguise
The stars have got their fingers crossed
I'm underneath the same old sky

But if you're feeling locked up and you wanna get free
Cuz you're always on the hunt looking for serenity
Some of the times are gonna be rough but no matter what it brings
Just lean into it, yeah lean into it

In my head it's make believe
I don't feel like I did in my lucid dreams
Life is not quite the way it seems
I don't feel like I did in my lucid dreams
Oh no, oh no, oh no oh
I don't feel like I did in my lucid dreams
Oh no, oh no, oh no oh
I don't feel like I did in my lucid dreams
