You're a power spot rotating Everchanging Transmitting like a radio wave Frequently feeling What's goin' on Times are weird all this static Things erratic Seems like we lost the magic See hear how clear Is inner quality A yin and yang type of thang Sacred geometry Ascending mad Energy crazy bad You're something NASA Fuckin' wish they had

Tune in for those who are wantin'
Vision feel it from within
Sing along
Tune in for those who are wantin'
Vision feel it from within
You know

You're a star creator Soul craft generator Movin' through time and space Son you're a liberator But you're memory Has been erased The things you knew Misplaced check it out Babylon Life style we scorn Now we live again In LA Tokyo and New York Come on pay a fee Smoke your booty weed Put gas in your tank Keep you city bumpin'

Tune in for those who are wantin' Vision feel it from within Sing along (2x)
Tune in for those who are wantin' Vision feel it from within You know
