Magic Shoes

Main Ingredient

Ba ba, ba-ba-ba...

My friends all said I'd never learn to dance
In fact, they said I didn't stand a chance
The dancin' contest, time to show them moves
Then I found these magic shoes

Oh, shocked the crowd when sparks flew from my feet
As I started groovin' with the beat
Oh, people better watch your P's and Q's
'Cause I've got magic shoes

Oh, I feel it's now my turn to love
Their winning chance is less than half
The judges votes have all been cast
I come out first instead of last

People are amazed at my control
The secrets hidden underneath my soul
Oh, I've no longer got wallflower blues
'Cause I've got magic shoes

People are amazed at my control
The secrets hidden underneath my soul
Oh, I've no longer got wallflower blues
'Cause I've got magic shoes
Magic shoes

(Magic shoes...)
