

Bling Bling

3LW

Bling Bling all night
Yeah yeah
Bling Bling all night

All the girls get iced up lets bang the clubs
I got big wheels 23 drop top bently doors
Because the night is young I want to shake my thang
Head to the bar just to collect it in the bank

I cant get enough
Feel you're the one
I'm burning up inside
I feel the heat keep bugging me
Tonight is right

Twist are bodys up to see
Hot girl is what I be
Toast to the good life
Bling Bling all night
Twist are bodys up to see
Hot girl is what I be
Toast to the good life
Bling Bling all night

Can we switch up slow motion I feel free
I got my eyes on the one fitted hat with the baggy jeans
It feels so good do just let the record play
My mind is racing so lets dance the night away

I cant get enough
Feel you're the one
I'm burning up inside
I feel the heat keep bugging me
Tonight is right

Twist are bodys up to see
Hot girl is what I be
Toast to the good life
Bling Bling all night
Twist are bodys up to see
Hot girl is what I be
Toast to the good life
Bling Bling all night

Move your body body
Left your hands up
Throw your waste down
Touch the grown
Pump real fast
Check my diddy bop
Do the diddy bop

Move your body body
Left your hands up
Throw your waste down
