You've got my eyes upon you, but you don't even care But that move is killing me so I need to get out of here
My insecurity is based on your attraction

I'm waiting, for the time of my life with you
I'm waiting, for us to break the rules
I know our souls' connected all we need is time
No doubt my soul's affected I wanna make you mine
I'm waiting!
Waiting for you
I'm waiting!
Waiting, for you

And everything I want is just to make it happen

If there's anymore then after, what am I gonna do? A back in my cage I call a cab and let you go My insecurity is based on your attraction And everything I want is just to make it happen

I'm waiting, for the time of my life with you
I'm waiting, for us to break the rules
I know our souls' connected all we need is time
No doubt my soul's affected I wanna make you mine
I'm waiting!
Waiting for you
I'm waiting!
Waiting, for you!

I'm waiting!
Waiting for you
I'm waiting!
Waiting...
For you
