

Wrecking Ball

4HIM

I see this hurting world of humanity,
Your beloved ones
I see the construction crews, principalities,
We've been overrun
I see the walls going up like towers
Hiding our bleeding hearts from Your healing love and Your power
I'm on my knees in prayer, volunteering,
I can't wait for You to

Send your demolition down from the sky
These walls have got to fall,
I'll be your Joshua
Swing me back and let me fly
I'll ride Your wrecking ball
I'll ride Your wrecking ball

To see this evil scheme of the underworld in dire straits
Smashing to smithereens all the barriers that hide Your face
To watch Your children in surprise, fall to their knees
Open their eyes when You
