

They say you're bad for me  
They say you're no good  
Don't want us happy  
I say its jealousy  
They're just wishing they  
Could be me

They say we'll break up  
Why don't I just wake up  
I say they're full of  
Envy and jealousy  
They're just wishing they  
Could be me

It's like I hear it everyday  
How you gon' dawg me out  
Don't know what they're talkin' 'bout  
They don't even know you  
They tell me you're caught up in the streets  
As if they follow you  
Watching you every move  
They have too much extra time on their hand

They say you're bad for me  
They say you're no good  
Don't want us happy  
I say its jealousy  
They're just wishing they  
Could be me

I don't even look at them as friends  
More so acquaintances  
Just can't be trusting these chicks  
They're so quick to back stab you  
It's happened to me many times, plant seeds of doubt  
And try to take what's rightfully mine  
But I can see right through their attempts  
Trying to turn me against, you

I don't see why they can't just leave us alone  
Instead of always trying to break up, our happy home  
You'd think they want to find a love of their own  
But they don't

They say you're bad for me  
They say you're no good  
Don't want us happy  
I say its jealousy  
They're just wishing they  
Could be me
