

## On A Sunny Day

## A Blue Ocean Dream

And all the things that I forgot to say  
I'll make it up to you on a sunny day

Everytime I think of you  
My heart beats just like a drum  
To the tune to the melody  
It sticks just like bubblegum

And all the things that I forgot to say  
I'll make it up to you on a sunny day  
And all the times the moment past away  
I'll give'm back to you on a sunny day
