

# Inside Me

## A Life Divided

I don't know how you got your hands on me  
I don't why you put me inside this cemetery  
Please just let me out  
How could I be the cure for your disease?  
I never wanted to be more than I could be  
Please just let me out

I don't wanna be your hero

No I, no I don't wanna save the world today  
I wanna see the world in flames  
You can't get what you need 'cause it's inside me  
I, no I don't wanna be the medicine  
'Cause I don't wanna soothe your pain  
You can't get what you need 'cause it's inside me

I'm awake though it seems to me  
Like I'm living in your unreal fantasy  
I just can't get out  
By myself, talk to the air I breathe  
I wonder why there's always something wrong with me  
Still I can't get out

I don't wanna give my life  
For something that's already died  
Oh it seems you got me under your spell  
And I burn in your hell, please let me out of this cell  
And I don't wanna give my blood  
To save a world that's full of frozen hearts  
'Cause none of them would ever do this for me  
Can't you see, can't you see, can't you see?
