

You Will Leave A Mark

A Silent Film

I'm so ashamed
I'm so□ ashamed of all those trouble I have caused
and I am so ashamed of all these unopened doors
I'm so ashamed of what I have become

That all my heart is bursting again
Don't leave this mark
your eyes are turning away
Ooooooohh, aaaaaaaahh

I'm of the west
I□'m fair skinned
I deserve a bullet in my chest
If I've no religion and no reason to be scared
If I'm going to hell then I just dont care

That all my heart is bursting again
don't leave this mark
But your eyes are turning away
Ooooooohh, aaaaaaaahh (2x)

That all my heart is bursting again
don't leave this mark
But you'r eyes are turning away
Ooooooohh, aaaaaaaahh (2x)
