A Thorn For Every Heart

Every Heart

So much for my happy ending... Oh (7x)

Lets talk this over, It's not like we're dead, Was it something I did, Was it something you said? Don't leave me hanging, In a city so dead, Held up so high, I'm such a breakable thread.

You were all the things I thought I knew and I thought we could be...

You were everything, everything that I wanted We were meant to be, suppose to be but we lost it All of the memories, so close to me just fade away All this time you were pretending, So much for my happy ending.

Oh (6x)

You've got your dumb friends, I know what they say, They tell you I'm difficult, but so are they. but they don't know me, Do they even know you? All the things you hide from me, All the shit that you do.

You were all the things I thought I knew and I thought we could be...

You were everything, everything that I wanted We were meant to be, suppose to be, but we lost it and all of the memories, so close to me just fade away All this time you were pretending So much for my happy ending

It's nice to know that you were there, Thanks for acting like you cared and making me feel like I was the only one. It's nice to know we had it all, Thanks for watching as I fall and letting me know we were done.

He was everything, everything that I wanted We were meant to be, suppose to be, but we lost it all the memories, so close to me just fade away All this time you were pretending So much for my happy ending

"This Love"

I was so high I did not recognize

The fire burning in her eyes The chaos that controlled my mind Whispered goodbye and she got on a plane Never to return again But always in my heart

This love has taken its toll on me She said Goodbye too many times before And her heart is breaking in front of me I have no choice cause I won't say goodbye anymore

I tried my best to feed her appetite Keep her coming every night So hard to keep her satisfied Kept playing love like it was just a game Pretending to feel the same Then turn around and leave again

This love has taken its toll on me She said Goodbye too many times before And her heart is breaking in front of me I have no choice cause I won't say goodbye anymore

I'll fix these broken things Repair your broken wings And make sure everything's alright My pressure on your hips Sinking my fingertips Into every inch of you Cause I know that's what you want me to do

This love has taken its toll on me She said Goodbye too many times before And her heart is breaking in front of me I have no choice cause I won't say goodbye anymore

This love has taken its toll on me She said Goodbye too many times before And my heart is breaking in front of me She said Goodbye too many times before

This love has taken its toll on me She said Goodbye too many times before And her heart is breaking in front of me I have no choice cause I won't say goodbye anymore

She Will Be Loved"

Beauty queen of only eighteen She had some trouble with herself He was always there to help her She always belonged to someone else

I drove for miles and miles And wound up at your door I've had you so many times but somehow I want more

I don't mind spending everyday Out on your corner in the pouring rain Look for the girl with the broken smile Ask her if she wants to stay awhile And she will be loved She will be loved

Tap on my window knock on my door I want to make you feel beautiful I know I tend to get so insecure It doesn't matter anymore

It's not always rainbows and butterflies It's compromise that moves us along My heart is full and my door's always open You can come anytime you want

I don't mind spending everyday Out on your corner in the pouring rain Look for the girl with the broken smile Ask her if she wants to stay awhile And she will be loved She will be loved

I know where you hide Alone in your car Know all of the things that make you who you are I know that goodbye means nothing at all Comes back and begs me to catch her every time she falls

Tap on my window knock on my door I want to make you feel beautiful

I don't mind spending everyday Out on your corner in the pouring rain Look for the girl with the broken smile Ask her if she wants to stay awhile And she will be loved And she will be loved And she will be loved
