

# I Can't Escape

## A Vain Attempt

You screaming back, you think that Im okey, just to you, but I lied, to make a difference, Im hiding myself just tonight.

Those razors hurt, I cant feel fine my love here tonight, tonight.

Bye bye to this, I cant feel fine my love here tonight, tonight  
.

I seem to be away and you will push me on and on and on,  
I see the light I cant escape.

I seem to be away and you will push me on and on and on,  
I see the light I cant escape.

You screaming back, you know that I obey, just tonight, I have so much pain, YOU! I caused myself harm, for you right now.

Those razors hurt, I cant feel fine my love here tonight, tonight.

Bye bye to this, I cant feel fine my love here tonight, tonight  
.

I seem to be away and you will push me on and on and on,  
I see the light I cant escape.

I seem to be away and you will push me on and on and on,  
I see the light I cant escape

This will be the last time I talk to you, for right now, I say  
I hate you  
What you did to me right know I can just say I hate you.

I seem to be away and you will push me on and on and on,  
I see the light I cant escape.

I seem to be away and you will push me on and on and on,  
I see the light I cant escape.

I cant escape from you, escape from you, escape from you, you did to me, i cant escape your hell, right now it hurts.
