True Love Will Find You In The End

A Whisper in the Noise

True love will find you in the end You'll find out just who's your friend Don't be sad, I know you will But don't give up until True love will find you in the end

This sits a promise with a catch
Only if you're looking can it find you
True love it's searching too
But how can it recognize you
Unless you step out into the light, the light?

Don't be sad, I know you will But don't give up until True love will find you in the end
