

# Don't Worry

Aaliyah

Let's try this flow, just follow it, beat it  
There's no need for you, baby,  
It ain't what you think, so don't worry

You remember back in the day,  
When we thought it was special,  
When we always stayed down,  
No matter where we went you'd stay in touch,  
Two people that were just so in love,  
Now you probably ain't feelin' much like things  
Ain't really been the way they used to be,  
And you say it seems like I've changed,  
But I'm still the same.

There's no need for you, (to worry 'bout me)  
Baby, (don't worry 'bout me, no, no, no)  
It ain't what you think, (you still got me)  
So don't worry, (don't worry 'bout, don't worry 'bout me)  
Even though it seems, (you're losing me)  
And things, (ain't what they used to be)  
Baby, (I ain't gonna leave)  
So don't worry, (don't worry 'bout, don't worry 'bout me)

I was headin' out to Cali, for a show,  
Told you that on Tuesday I'd be home,  
Left a message on your voicemail,  
Sayin' I'd call you later,  
To inform you I'm alright,  
Now you callin', just to tell me that you heard,  
I was seen in a Bentley with my girls,  
So I'm on my way to a spot where people hang,  
But nothing's changed.

There's no need for you, (to worry 'bout me)  
Baby, (don't worry 'bout me, no, no, no)  
It ain't what you think, (you still got me)  
So don't worry, (don't worry 'bout, don't worry 'bout me)  
Even though it seems, (you're losing me)  
And things, (ain't what they used to be)  
Baby, (I ain't gonna leave)  
So don't worry, (don't worry 'bout, don't worry 'bout me)  
(2x)

There's no need to  
Worry 'bout what  
I do when I'm away.

(Don't worry 'bout a damn thing),  
Don't worry 'bout what I do in my time,  
(Don't worry 'bout a damn thing),  
Don't worry 'bout how I do when I put it down,  
(Don't worry 'bout a damn thing),  
Trust in my everything's gonna be alright,  
(Don't worry 'bout a damn thing)  
Gonna work it out, be home tonight.

There's no need for you, (to worry 'bout me)

Baby, (don't worry 'bout me, no, no, no)  
It ain't what you think, (you still got me)  
So don't worry, (don't worry 'bout, don't worry 'bout me)  
Even though it seems, (you're losing me)  
And things, (ain't what they used to be)  
Baby, (I ain't gonna leave)  
So don't worry, (don't worry 'bout, don't worry 'bout me)  
(2x)
