

Alright

Aaron Sprinkle

I'm gonna fall apart
I can't remember anything before
I'm shootin' in the dark
I'm crashing through another stained glass door

Everywhere I'm steppin'
I'm always breaking things
And when it rains it pours
and drowns my dreams
So just sit back and watch it all burn down'
Watch it all burn down

Even though my feet are killing me
Without an end in sight
It'll be alright, it'll be alright
It'll be alright, it'll be alright

Why do I even try
To pick myself up just to say goodbye
I hope I never see
the way things would get if it were up to me

When it hurts
When you fall
When it seem like the pain is inevitable
When you can't See see the light
it'll be alright

When your life rips at the seams
When it seems like the worst is really happening
When you can't See see the light
it'll be alright
