

# Washboard Road

Aaron Sprinkle

One hapless day  
I took my place  
On a reckless stage  
Holdin up the rain  
For the world to see  
On Olive Street  
Where I gave it all away  
I heard a fox say something  
He said "I'm not tame  
But I see you're looking  
Looking the other way  
You know you can't involve what you can't absolve  
Because you gave it all away"

Will you hold it against me when tomorrow comes?

While I'm headed home  
Down this washboard road  
I'll do my best to hold you up along the way  
Hold on melody  
Don't let go of me  
Even if you can't arrest me for the day  
Even if you can't arrest me for the day
