Keep An Eye On Dan

I know that this shouldn't be A traumatic event, but it is And I feel so bad My little boy looks so happy He throws me his "go-mummy" kiss And he loves his dad And I've loved him too Maybe I still do But, it's over

Keep an eye on Dan
Promise me you can
He gets out of hand if you let him
So keep an eye on Dan
And don't forget
I'll be back at on Sunday to get him
So keep an eye on Dan

Certain that I'm out of sight I pull over and turn off the car And I bang the wheel I can't believe that I've actually Held it together this far Seeing how I feel But I said good-bye And I did not cry Though my heart ached

Keep an eye on Dan Promise me you can He gets out of hand if you let him So keep an eye on Dan And don't forget I'll be back at seven on Sunday to get him

I, I think he must have lost some weight Funny how it takes me back to our first date

So keep an eye on Dan

Keep an eye on Dan You're a loving man Make an effort not to upset him Just keep an eye on Dan And don't forget I'll be back on Sunday to get him So keep an eye on Dan
