

# Pity The Free Man

Abney Park

Keep the fires burning  
As I run through the fields  
Hear the snap of the raptors as I  
Hope my fate's not sealed.

I yell  
Please pity the free man  
Have mercy on me  
Don't rip my throat from my body  
Just trying to be free

Keep the fires burning  
As I run through the fields  
Hear the snap of the raptors as I  
Hope my fate's not sealed.

I yell  
Please pity the free man  
(I smell bodies burning)  
Have mercy on me  
(I'm feeling all the flames)  
Don't rip my throat from my body  
(I will run for cover)  
Just trying to be free  
(No one is to blame)

I yell  
Please pity the free man  
(I smell bodies burning)  
Have mercy on me  
(I'm feeling all the flames)  
Don't rip my throat from my body  
(I will run for cover)  
Just trying to be free  
(No one is to blame)
