## **Pinworms**

**Abscess** 

dont know why but out they come steaming squirming from your bum squiggling biting at your anus slick and slimey long and heinous

## pinworms

snacking on your tortured ass
you try to kill them with a glass
break the bottle on the floor
jab it deep through your back door

## pinworms

bleeding worms writhe in your hole twisting through the flesh ripped open gaining strength from flowing blood new eggs hatch, release the flood
