

Amanda

Ace Troubleshooter

Amanda talks about herself, forever and a day she'll have her way.

Amanda talks about nothing, but she'll make you think it's poetry.

It's too bad she's only seventeen years old.

Seventeen years old, she's too young, yeah she's too young.

Amanda talks about herself, but when she sings it's gold.

And it's too bad she's only seventeen years old.

Amanda thinks about herself, forever and a day she'll get her way.

Amanda thinks about nothing, but she'll make you think it's poetry.

It's too bad she's only seventeen years old.
