

Madman's Joint

Acid Drinkers

It's hard to wake up in dirty hole,
I sleep with dogs, I'm hunting with ghosts,
It doesn't matter what you are thinking of me,
I really don't care,
You're not my friends anymore,

I smell another victim at dawn,
I know I have to live this hell on my own,
I'm sensing a conspiracy close,
But I'm not sure if it's fake or real, so...

Another head is burning
Another heart is boiling
I leave my bed like a walking dead
I'm going mad, oh yeah!

My god has good fun watching this game,
And I'm a player, I judge myself again,
But never hope nobody can win,
Cause lifeless beings never conquer, no...

Another head is burning
Another heart is boiling
I leave my bed like a walking dead
I'm going mad, oh yeah!

Another head is burning
Another heart is boiling
I leave my bed like a walking dead
I'm going mad, oh yeah!
