

Miss Thing

Adam Ant

Miss Thing what you got to say?
We saw a honey just the other day
A wild cat, a loud shirt
Thinking up stuff just to be different
Wah-la-ba-loomba
Wah-la-ba-loomba
Wah-la-ba-loomba
Wah-la-ba-loom
She was the only one to love him up right

Miss Thing - where you gonna go?
You ever seen a man jump a piano?
Guttertalk, knock 'em dead
Pompadour six inches above his head
Wah-la-ba-loomba...

Miss Thing please tell me why
He says "child" when he meets another guy
Sweaty staggering out of the swamp
Freaky-deak dancing, pumping that pomp
Wah-la-ba-loomba...

Turn it up
Have your fill
Up in the treble
A voice like a power drill
