

First Love

Adele

F **Cmaj7**

So little to say

But so much time

Emi

Despite my empty mouth

Ami

The words are in my mind

F

Please wear the face

Cmaj7

The one where you smile

Because you

Emi

Lighten up my heart

Ami

When I start to cry

F

Forgive me first love

Cmaj7

But I'm tired

Emi

I need to get away

Ami

To feel again

F

Try to understand why

Cmaj7

Don't get so close

To change my mind

Emi

Please wipe that look

Out of your eyes

It's bribing me

Ami

To doubt myself

F **Cmaj7**

Simply, it's tiring

F Cmaj7 Emi Ami

Emi

This love has dried up

Ami

And stayed behind

F

And if I stay

Cmaj7

It'd be a lie

Emi

Then choke on words

Ami

I'd always hide

F

Excuse me first love

Cmaj7

But we're through

Emi

I need to taste the kiss

Ami

From someone new

F

Forgive me first love

Cmaj7

But I'm too tired

Emi

I'm bored to say

The least and I

Ami

I lack desire

F Cmaj7 Emi Ami

Forgive me first love (4x)

Forgive me

Forgive me first love (2x)
