

## Criticize

### Adelitas Way

I need you  
You need me  
We make the perfect kind of misery

I help you  
You help me  
Become the one I swore I'd never be  
The one that I don't ever wanna be

I like the way you won't apologize  
I like the way you just demoralize  
I like the way you always roll your eyes  
Someone as perfect as you is hard to criticize

Suppress this  
This hatred  
I stand beside you while you soak in it  
Spit on me  
I taste it

I love you more and you just fake it (2x)

I like the way you won't apologize  
I like the way you just demoralize  
I like the way you always roll your eyes  
Someone as perfect as you is hard to criticize

There's always something wrong  
There's something I didn't do  
There's always something I'm afraid I'm gonna lose

There's nothing I can say  
There's nothing I can do  
No matter how hard I try I wake up next to you

I like the way you won't apologize  
I like the way you just demoralize  
I like the way you always roll your eyes  
Someone as perfect as you is hard to criticize (2x)

It's hard to criticize (4x)
