

# Lockdown America

## Adolescents

Ten minutes til' twelve o'clock,  
That's when the hammer drops,  
Sienide in the chamber,  
Until the humvee stops,

The last man (Dying man),  
In a dying democracy,  
Past americana,  
From see to shining see,

Lockdown, America Lockdown,  
America Lockdown, America...

Solution in his layer,  
Is locked up in a cage,  
Sweepin' under a road,

Lock him in a cell,  
Spread him of his rights,  
One latch a time,

March above the hill,  
Stand above the ground,  
One latch at a time,
