

Orange Crush

Adolescents

Not like you, don't want to be
Not like you, don't try to be
Just like you, not like me

Tearing through it sideways
Clearing out the brush
Tearing through it my way
Tearing through Orange Crush
(2x)

Not like you, don't want to be
Not like you, don't try to be
Just like you, not like me

Butterflies and biker boots
Inside jokes that no one gets
Black hair dye for graying roots
Boots, roots, tourniquets

Tearing through it sideways
Clearing out the brush
Tearing through it my way
Tearing through Orange Crush
(2x)

Not like you, don't want to be
Not like you, don't try to be
Just like you, not like me

Tearing through it sideways
Tearing through Orange Crush
