

Peace Don't Cost a Thing

Adolescents

Swore the day my brother died one thing
I'd live my life to beat my drum and scream
Scream away the sting of life
Scream away what I despise
Scream away all things
Peace don't cost a thing

(Peace don't cost a thing) - Peace don't cost a thing

.30-love died in our arms, admit
Shells work for the common good, submit
These values understood
The cost of war, the common good
An Aria for Drums and Scream
But peace don't cost a thing

(Peace don't cost a thing) - Peace don't cost a thing

Destructive minds, you complied
Set loose the beast that lives inside
Lashed out, fucked your head
Inside out, just like I said
I'd break your heart, let it run dry
Like a saint I didn't lie

No turning back
Can't turn the page
We're locked in this war
