Angels

Adrian Lux

Let me in
Hands tied
Stay down
My lungs are giving up
Let me in
Hearts out
Taking names

While the blood is turning into rain
Angels gonna fall tonight
Raise your hands and knock me out
Angels gonna fall tonight
Raise your hands and knock me out

Let me in
Hands tied
Stay down
My lungs are givin up
Let me in
Hearts out
Taking names

While the blood is turning into rain
Angels gonna fall tonight
Raise your hands and knock me out
Angels gonna fall tonight

Raise your hands and knock me out
Angels gonna fall tonight
Raise your hands and knock me out
Angels gonna fall tonight
Raise your hands and knock me out.
