

# What If

Adrienne Bailon

Maybe this was meant to be.  
Maybe now it should be me.  
Been dreaming of this forever.  
But I'm feeling so confused.  
Yeah, It's hard to see who's right.  
Is it you or I.  
And I don't know what to do.

[Chorus:]

Oooh. We'll stay together always thats the promise we made.  
But suddenly it's not so clear.  
And I'm being pulled both ways.  
And it's breaking my heart, tearing me apart.  
It's impossible to choose.  
What if I don't try,  
What if I do.  
Everything that I've dreamed right in front of me.  
If I win I'm going to lose.  
How could I learn to live wondering what if.

Oooh ooh. Things will never be the same.  
Noo noo, maybe thats the price of fame.  
Been waiting for this forever.  
It's close enough for me to touch.  
But if I don't go for it, I might always regret.  
But is it worth us breaking up.

[Chorus:]

Oooh. We'll stay together always is the promise we made.  
But suddenly it's not so clear.  
And I'm being pulled both ways.  
And it's breaking my heart, tearing me apart.  
It's impossible to choose.  
What if I don't try,  
What if I do.  
Everything that I've dreamed right in front of me.  
If I win I'm going to loose.  
How can I learn to live with wondering,

What if I would have tried, I could shine even fly  
I don't want to realize after its too late nooo ooh, and see it all p  
ass  
Me by, If I could, if I don't, will I ever really know, what the futu  
re could hold, before it slips away.  
Could be the chance of a lifetime.

And it's breaking my heart, tearing me apart, its impossible to choos  
e, what if I don't try, what if I do.  
Every dream that I dream, right in front of me.  
If I win, I'm going to lose.  
How could I learn to, live wondering what if.  
I'm never going to say, what if.
