

## Taking My Time

After 7

You blow my mind, with the things you do to me  
Girlie I can't resist your luscious lips caressing my body

How do you keep not from fallin  
Fallin in love, with a girl that can do you  
The way you like to be done

You blow my mind with the things you do to me girlie I can't re  
sist your  
Luscious lips caressing my body

Takin my time with you girl  
Never know when we'll do this again  
Takin my time with you girl,  
Touchin your love stokin you from within (hook)

I hear your voice callin  
(baby please pick up the phone)  
But I don't wanna answer  
I got too many women  
So I'm tellin you not to fall in love with me

The time is right for you to be  
Close to me  
Indefinately  
They say good things come to those  
Who wait I need to hold you in my arms
