

Play the song again, again, again  
Play the song again, again, again

Oh my gosh, why have you chosen me?  
Oh, please do not, not not me  
Unless you have to leave soon  
We have no choice Good Bye

If it would've been good Good job  
I'm just thankful  
The sense of knowing in my heart  
Your smile makes me smile

From this moment, I am a Virgin  
From my heart, Virgin  
Play the song again, again, again  
Virgins used to know nothing  
Those days are gone  
Fade out, fade out, fade out, fade out, fade out

Now on the stage again, it feels like the first time  
The dazzling lights again  
Virgins used to know nothing  
Those days are gone  
Fade out, fade out, fade out, fade out, fade out

Play the song again, again, again  
Play the song again, again, again

The past was good, the past was sad, the past is no more  
I want it back and you  
Note that I said I can not ever finish without this  
I do not know what the future holds  
Regret comes too late if we never take the chance  
Either way, take it

From this moment, I am a Virgin  
From my heart, Virgin  
Play the song again, again, again  
Virgins used to know nothing  
Those days are gone  
Fade out, fade out, fade out, fade out, fade out

Now on the stage again, it feels like the first time  
The dazzling lights again  
Virgins used to know nothing  
Those days are gone  
Fade out, fade out, fade out, fade out, fade out

Now on the stage again, it feels like the first time  
The dazzling lights again  
Virgins used to know nothing  
Those days are gone  
Diva, diva, diva, diva, diva, diva

From this moment, I am a Virgin  
From my heart, Virgin

Play the song again, again, again  
Virgins used to know nothing  
Those days are gone  
Fade out, fade out, fade out, fade out, fade out

From this moment, I am a Virgin  
From my heart, Virgin  
Play the song again, again, again  
Virgins used to know nothing  
Those days are gone  
Fade out, fade out, fade out, fade out, fade out

Now on the stage again, it feels like the first time  
The dazzling lights again  
Virgins used to know nothing  
Those days are gone  
Fade out, fade out, fade out, fade out, fade out

Play the song again, again, again  
Play the song again, again, again
