

Black Me Out

Against Me!

I don't ever want to talk that way again,
I don't want to know people like that anymore.
As if there was an obligation,
As if I owed you something.

Black me out.
I want to piss on the walls of your house,
I want to chop those brass rings off your fat fucking fingers.
As if you were a kingmaker. Black me out.

I don't want to see the world that way anymore,
I don't want to feel that weak and insecure.
As if you were my fucking pimp,
As if I was your fucking whore.

Black me out.
I want to piss on the walls of your house,
I want to chop those brass rings off your fat fucking fingers.
As if you were a kingmaker.
Black me out.
I want to piss on the walls of your house,
I want to chop those brass rings off your fat fucking fingers.
As if you were a kingmaker. Black me out.

All the young graves filled.
Don't the best stars burn out so bright and so fast?
All the young graves filled.
Don't the best stars burn out so bright and so fast?
Full-body high. I'm never coming down.

Black me out.
