

# Bloodqueen

## Agonoize

She came at night  
don't know where she came from

She disappeared like strait out of hell

Inhuman eyes the ones that could kill

He's made of flesh, waiting for the feast!

She came at night...  
And she want revenge

Be Aware!  
She doesn't take prisoners

She the one you've been waiting for  
Now heaven can wait...

Make me bad!

She the one with the devilish eyes!  
She so cruel and full of surprise

She sucks you dry, but you can not deny  
She a bloodqueen!

She the one to bring you down to your knees  
She makes you scream, and begging for release

You can't resist, her bittersweet kiss..  
She a bloodqueen!

Bite me, suck me dry!  
Bite me, suck me dry!

She came at night  
don't know where she came from

A dark angel  
A holy and a whore

She the one that men would kill for  
Get on your knees and become her pray!

She the one with the devilish eyes!  
She so cruel and full of surprise

She sucks you dry, but you can not deny  
She a bloodqueen!

She the one to bring you down to your knees  
She makes you scream, and begging for release

You can't resist, her bittersweet kiss..  
She a bloodqueen!

Bite me, suck me dry!

Bite me, suck me dry!

She the one with the devilish eyes!  
She so cruel and full of suprise

She sucks you dry, but you can not deny  
She a bloodqueen!

She the one to bring you down to youre knees  
She makes you scream, and begging for release

You cant resist, her bittersweet kiss..  
She a bloodqueen!

Bite me, suck me dry!  
Bite me, suck me dry!
