

Highway Legion

Air Raid

Engines ignite
Roll across the sky
Wheels in flames
Blazing through fire

Glory and might
No one can deny
Our destiny
Reach for the stars

Spirits roar in the night

We ride

Highway legion - ride as one
We will fly up to the sun

Highway legion - our noise is art
We will tear the road apart

Living on the run
Our souls are drawn to metal forever

Spirits roaring tonight

We ride

Highway legion - ride as one
We will fly up to the sun

Highway legion - our noise is art
We will tear the road apart

Ride on
Let the metal carry you home
Embrace the music of steel
The sound and the thrill

Highway legion - on the run
We will fly out to the sun

Highway legion - our noise is art
We will tear the road apart

We ride as one
We will fly up to the sun
Our noise is art
We will tear the road apart
