

## Left Bank

Air

Left bank, I'm waiting for someone  
Someone to be my friend  
Outside, traffic's running slowly  
I hear it from my window

Without you, I'm getting lost  
Without you, there's no release  
I can't hold the sun  
I can't hold the sun

It's raining, love is not around me  
How can it get soak?  
Homesick, this is how I feel now  
This is how you left me

Without you, I'm getting lost  
Without you, there's no release  
I can't hold the sun  
I can't hold the sun

Without you, I'm getting lost  
Without you, there's no release  
I can't hold the sun  
I can't hold the sun
