

We don't mind the attitude.  
but if you plan on comin' in,  
i'll be the first one  
to tell you.

We can find what you're looking for.  
we can find the life source  
of your goddamn attitude.

Now how do you say  
leave it alone?

Black horns of the minotaur  
that adorn the future cars.  
You give it a real nice color.

We can find what you're looking for.  
We won't find the life source  
of your goddamn attitude.

And now how do you say ..ooo  
leave it alone? (2x)

...Oh why?  
Why do you waste your time  
you silly thing? You  
know i am a liar.  
why?  
Why do you waste your time  
i'm almost a dying.  
The ice behind  
the face that hates mine,  
I'm gonna get you runnin'.  
The ice behind  
the face that hates mine,  
i'm gonna get you screamin'.

And now how do you say ...ooo  
(you) leave it alone? (2x)
