

Morning Person

Airfare

Well I, I, I never was
No morning person
And I know I never claim
That I knew everything

You look like you're crazy
You look like you've lost your fucking mind
Looking at my baby
Looking at my baby all the time
(2x)

All these streets forever
All these streets together

Well I, I, I never was
No morning person
And I know I never claim
That i knew everything

You look like you're crazy
You look like you've lost your fucking mind
looking at my baby
looking at my baby, was it ?

All these streets forever
All these streets together

You look like you're crazy
You look like you've lost your fucking mind
Looking at my baby
Looking at my baby all the time
