

Always Together

Al Martino

Always together, until forever
Living the dreams that we share
Two hearts together, until forever
Showing the world that we care

You won't be lonely
I'll love you only
I'll live my life just for you

Always together, until forever
Our love will always be true

Two hearts together, until forever
Showing the world that we care

You won't be lonely
I'll love you only
I'll live my life just for you

Always together, until forever
Our love will always be true
