

Lady Rosalita

Al Martino

Never, oh never knew heaven could speak
My lady blue
Always and ever, I need your sweet love
Baby, it's true
Ever and ever I promise my heart
Never oh never I'm tearing apart
Please, love me
Oh, come kiss me

Lady Rosalita
Take me home tonight
Love me señorita
I really love you - my heart is so true
Oh, this time we'll make it right
Lady Rosalita
I almost lost my mind
Tell me señorita
I really love her - I always take care
Good love is so heart to find

Sooner or later you love me somehow
And that's no lie
Always and ever you're in my dreams
Love knows why
More than ever I'm calling your name
Never babe never I'm playing a game
Please love me - oh just kiss me
