

We Had It All Maria

Al Martino

She said the words of love
She said it in my ear
We saw the stars above
Oh love it was so near
Dream your dream of love, my baby
Why you give it up my lady ?
Now you're alone again

We had it all Maria
Lovely Maria
I was made to love her
She said goodbye, oh no
Look what you have done, Maria
Lovely Maria
Tell her if you see her
She broke my heart and my soul

A little bit of you
A letter full of tears
Make my dreams come true
I'm sharing all your fears
Give me one good reason
Why you said goodbye, my lady
Now you're alone again

Oh where did you, babe, sleep last night
Oh who is that man you're holding tight
Follow me, I will follow you
Babe, I'll make your dreams come true
