

Footstompin' Music

Alabama

Hey ya'll, hey ya'll [hey ya'll, hey ya'll]
I like [I like]
Footstompin music [footstompin music]
Got that rhythm, got that beat [got that rhythm, got that beat]
Footstompin music [footstompin music]
Clap your hands, stomp your feet
I work and I sweat
But I get so soaking wet
But there comes a time
I need time off
Just get away from it all
Shake it, bake it
And make it, uh-huh

On my footstompin music [footstompin music]
Got that rhythm, got that beat [got that rhythm, got that beat]
Yeah footstompin music [footstompin music]
Clap your hands, stomp your feet

Go, go!
Stomp it!

I drive my truck into town
Then people turn their heads around
I got my music f*cking loud
And before you know it
There's a big ole crowd
There's singing, dancing, prancing
Oh yeah!

To my footstompin music [footstompin music]
Got that rhythm, got that beat [got that rhythm, got that beat]
Yeah footstompin music [footstompin music]
Clap your hands, stomp your feet [stomp your feet, stomp your feet]
Clap your hands, stomp your feet [stomp your feet]
Clap your hands, stomp your feet

[Ooh]
Oh footstomping music [footstompin music]
Got that rhythm, got that beat [got that rhythm, got that beat]
Yeah footstompin music [footstompin music]
Clap your hands, stomp your feet
Clap your hands, stomp your feet
Stomp your feet
