

# Still Goin' Strong

Alabama

Through the years,  
We've had our ups and downs.  
Ain't been a block  
We haven't been around.  
We've been one step up,  
And two steps back,  
But our love's gotten  
Right back on track.

We're still goin' strong,  
Like a freight train  
Burning on a midnight run.  
We're rolling right along,  
Still goin' strong.

In tryin' times,  
When push came down to shove,  
We'd pull together,  
And show what we're made of.  
With a lot of love,  
And a little faith,  
We moved every mountain  
In our way.

We're still goin' strong,  
With a fire thats hotter  
Than the deset sun.  
We're still turnin' on,  
Still goin' strong.

It's still as good  
As it's ever been.  
Our love's just gettin'  
It's second wind.

We're still goin' strong,  
Two hearts poundin'  
Like a rock and roll drum,  
Lovin' all night long,  
Still goin' strong.

We're still goin' strong,  
Like a freight train  
Burning on a midnight run.  
We're rolling right along,  
Still goin' strong.

Still goin' strong,  
Goin' strong.

Still goin' strong,  
Goin' strong.

Still goin' strong,  
Goin' strong...
