

Never Done

Alaine

This is a special dedication...
To lovers all around the nation...
What a beautiful creation...

And this love... and this love... and this love
Love will never done
(And your river's running, running, running)
And this love... and this love... and this love
Love will never done
(And your river's running, running, running)

Hello baby- hello honey- You're the sweetest thing I know
And I love it when we go... to the music; nice and slow.
Hello Heartbeat- how you sway me, so intense- the way we move.
And I love it when we groove... to the music; me and you.

Hello sweetheart... Sugar Daddy. Oh my darling you're divine.
And the feeling is so fine... when our bodies intertwine.
Hello lover- there's no other. You're my winter, summer, spring

My courageous Lion King. You're my all, my everything.

Your love just goes running, running, running, running, running
, running...
Running from you to me- Yeah! Running eternally- Yeah!
Your love just keeps running, running, running, running, running
g, running...
Running from you to me- Yeah! Running so endlessly...
